Dear Sirs:

I am writing on behalf of our client, State Farm and their insured, Irving Poretz. This letter is in regards to damages that occurred on 12/13/1999 on Barge Road in Atlanta. Mr. Poretz stated on the night of 12/14/1999 it was raining and very dark when he hit a 3 ft. section of the road that had been cut away and removed. He said there was a cone to the right of the hole. He said he did not see the cone until it was too late. Here is a copy of the repair estimate for the damages that occurred on the above date.

Your quick response will be greatly appreciated.

Sincerely,

Chris Ford
